Recap of Robotics 1/9-1/22

Students have started their mockups and testing designs for the FIRST FRC 2023 season [game](#).

One group came up with a design for a clamp to pick up the game pieces. They 3D-modeled it, and this is what it looks like!

Another group tried a more "hands-on" approach to the situation with their idea to pick up the game pieces!

Our Woodie Flowers and Dean's List nominees have been determined!

The Woodie Flowers award is given to a mentor on our team that has "done an outstanding job of motivation through communication while also challenging the students to be clear and succinct."

The Dean's List award is given to Sophomores or Juniors who are "current student leaders who have led their teams and communities to increased awareness for *FIRST* and its mission while achieving personal technical expertise and accomplishment."

Congratulations and good luck to Selah R. and Alex M. on their Dean's List nominations and to Coach Powers on his Woodie Flowers nomination!
